

24x16x9 Inch Industrial Weatherproof Enclosure Model: NBG241609

Applications

- Molded Fiberglass Reinforced Polyester (FRP) industrial Enclosure
- Stainless steel quick release latches with padlock hasps
- NEMA Type 4, 4X / IP66 rated
- Fully gasketed lid
- One bag of Mounting Plate Screws shipped loose inside each enclosure

Features

- Remote Wireless LAN WiFi equipment installations
- Indoor and outdoor installations
- Rapid Deployment Installations
- Corrosive environments & hotspot applications
- Protection of equipment from theft or damage

Description

The box is a rugged weatherproof enclosure that is ideal for both indoor and outdoor applications. Constructed from molded fiberglass reinforced polyester, it is well suited for high temperature or corrosive environments. The mounting feet (optional) allow it to be wall mounted as well as on a flat surface. The lid features a stainless steel continuous hinge and stainless steel quick release latches with padlock hasps and is fully gasketed. The enclosure material is UV stabilized and comes in neutral grey color.

The NBG241609 is ideal for custom applications, which may require special modifications to the enclosure. Mounting stand-offs inside the enclosure can be used for mounting plates. Blank mounting plates are available from L-Com. The contoured body provides an attractive and contemporary appearance. The NBG241609 can be used as insulated communications box, terminal wiring box, instrument housing and housing for electrical controls in wet, dusty and corrosive environments.

Specifications

Enclosure Material	Fiberglass Reinforced Polyester (FRP)
Enclosure Color	Neutral Grey (RAL 7032)
Weight	16.1 lbs (7.3 kg)
Outside Dimensions	24.21 x 16.34 x 9.06 in (615 x 415 x 230 mm)
Inside Dimensions	22.64 x 14.57 x 8.11 in (575 x 370 x 206 mm)
Flame Rating	UL94-5V
RoHS Compliant	Yes
Ratings	NEMA Type 4, 4X / IP66
